

# BRACELET SIZE GUIDE

## SHOPPING ONLINE

The size of each bracelet is written in the product description located on the product page.

The length is written in inches under the bulleted materials list.

## SHOPPING IN STORE

The size of the bracelet is written in inches at the top of the product description card.

## HOW TO USE THE RULER

• Print out this page at 100% scale on a letter wide size piece of paper (8.5" x 11").

Using paper of this size ensures the ruler & it's measurements will be correct & to scale.

• Take a credit card & align it with the line segment below. If your credit card fits perfectly within the two ends of the line segment, you have printed out this document to the correct scale & you can proceed. If the card does not align, go back into your print settings & check the scale.

- Cut out the ruler.
- Make an incision along the dotted lines, where it says "Cut Along This Line." Make sure not to cut all the way to the edges on either end.
- At this point you should have a T-shaped ruler cut out with a slit near the Saul & Saul Designs logo.
- Wrap the ruler around your wrist. Pull the end of the ruler with the flower through the slit until the ruler is flush with your skin.
- Record the size of your wrist.
